DEFENDANT OBLIGOR

MILITARY DEPENDENT HEALTH CARE ORDER
(OBLIGOR)
 Chapter 3121 Rev. Code

WHEREAS, the above-named Obligor, BRENDAN SULLIVAN, has been ordered to obtain health insurance coverage for the child(ren), subject of a child support order ("children"), and **WHEREAS** the Obligor is in the **RETIRED MILITARY** branch of the military service and therefore the children are entitled, upon request, to medical care as "dependent(s)".

IT IS THEREFORE ORDERED THAT:

- Obligor shall designate **LUCIE HOPIE SULLIVAN, born 06/04/2021** as dependents eligible for medical care through services provided to dependents of military personnel pursuant to the provisions of 10 U.S.C. 1076, within thirty (30) days from the date of this Order.
- Obligor shall supply Obligee with (i) information regarding the benefits, limitations and exclusions of the medical care, (ii) any forms necessary to allow usage of the medical care, and (iii) any necessary cards.
- Obligor shall submit a copy of this Order to the Military ID Card Section, thus making application to enroll the children, and, no later than 30 days from the date of this Order, shall furnish written proof to SEA that (i) Obligor has made appropriate submissions and provided the requisite information, forms and cards, and (ii) the required military medical coverage has been obtained.
- Each parent is responsible for a cash medical support obligation to be applied towards ordinary medical expenses (copayments and deductibles, and uninsured medical-related costs) for the child(ren) of the order. The cash medical support obligation is \$510.21 per child per year. The obligor's share of the cash medical support obligation is included in the total monthly child support order.

Once the obligee pays \$510.21 per child per year (ordinary medical expenses), any additional uninsured medical expenses for that child are extraordinary medical expenses. Extraordinary medical expenses are to be paid by the parents in amounts equal to the parents' income share found on Line 17 of the Child Support Computation Worksheet: Obligor 50.00 % and Obligee 50.00%, unless otherwise agreed as follows: @.

- The Obligor and Obligee shall comply with Chapter 3121 of the Revised Code and with the court's Order herein.
- Obligor shall immediately notify the SEA in writing of the occurrence of any of the events listed on the reverse side of this Order. This Order shall remain in effect until further order of this court.

NOTICE OF FINAL APPEALABLE ORDER

Copies of the foregoing order, which may be a final appealable order, shall be served upon the parties by the Clerk in a manner prescribed by Civ.R. 5(B) within three days of entering this judgment upon the journal. RIGHTS AND REMEDIES FOR OBTAINING MILITARY MEDICAL SERVICES

Under the provisions of 10 U.S.C. 1076, a dependent of a member of a uniformed service is entitled, upon request, to medical care. "Dependent", including an adopted child or a stepchild, who either --

1. has not passed his/her twenty-first birthday;
2. is incapable of self-support because of a mental or physical incapacity that existed before that birthday and is, or was at the time of the member's/former member's death, in fact dependent on him for over one-half of this support; or
3. has not passed his/her twenty-first birthday, in enrolled in a full-time course of study in an institution of higher learning and is, or was at the time of the member's/former member's death, in fact dependent on him/her for over one-half of his/her support.

Department of military regulations have extended the above definition of dependent in order that medical care may be provided to the illegitimate child of a female member as well as the illegitimate child of a male member whose paternity has been judicially determined.

The illegitimate child of a male member whose paternity has not been judicially determined is eligible for medical care if the child is a member of a household maintained by or for an authorized sponsor and is dependent on that sponsor for over one-half of his/her support.

Normally an application for an ID card for medical benefits is signed and submitted by the military member. When a military member either refuses to sign an application or cannot sign it because his/her whereabouts are unknown to the eligible family members, an applicant may go to the ID Card Section of the nearest military installation.

He/she should take the following documents: (a) the member's military address (if on active duty); (b) the marriage certificate of the child's parents (if applicable); (c) their divorce decree; (d) the birth certificate of the child(ren); and (e) the former member's retirement orders or DD Form 214 (if he/she is retired). In the case of an illegitimate child of a male member whose paternity has been judicially determined, a copy of the determination of paternity should also be taken to the ID Card Section. The ID Card Section should then be of assistance in obtaining the ID Card.
