CASE NO. 24CR3226

Plaintiff,

*

JUDGE STEVEN K. DANKOF

vs.

*

JONATHAN LINK
Defendant.

*

ENTRY ORDERING TRANSCRIPTION
OF GRAND JURY TESTIMONY

*

This matter is before the Court on a Motion filed by the Defense requesting Grand Jury testimony. This Court has previously ordered the testimony from the 2002 Grand Jury presentation be transcribed for an *in camera* review. Subsequent to that Order, Counsel for Defendant clarified with this Court and counsel that he was also requesting the Grand Jury testimony from 2025.

The Court will need to consider arguments relating to particularized need for the disclosure of the testimony of each witness that testified before the Grand Jury in this matter in 2025.

The Court ORDERS the State to have a transcript prepared, at the Court's expense, for all Grand Jury testimony heard in 2025 relating to this case, and that the transcription be provided to the Court for *in camera* inspection.

SO ORDERED:
